FREUND
GERMAN QUALITY SLAUGHTER-TOOLS

HAND-SKINNER

VERSATILITY, YIELD AND SAFETY

ONE HAND OPERATION specifically designed for better and quicker throughput. Ease of use is evident in the one-hand operation and toothed roller design with excellent glide.

LEADING VERSATILITY
the machine benefits from much higher yields and faster production times.

HIGH ENERGY SAVINGS -
compared to similar air machines.

INCREASE YOUR PRODUCTIVITY
Our Skinner is a labour-saving machine that increases productivity and yield. With our machine, the operator is able to easily meet today's high production demands.

Our **HAND-SKINNER** is designed to remove skin and fat at a controlled depth so there are no knife cuts. The machine is characterised by easy and simple handling in practice.

TYPICAL APPLICATIONS:

- Removal of pig skin
- Defatting ham
- Removing poultry skin
- Skinning turkey
- Skinning fish
